to get a few more lousy votes. Now this is not a very good compliment to the chief executive of the state who is condemning others for doing the same thing that undoubtedly he is doing. Why doesn't he act like a man, why doesn't he send a letter from us and say that he himself recommends and he recommends that that we appropriate a sufficient amount of money in order to pay the cost of raising these patrolmen this \$90 a month. I voted for the amendment yesterday and I'm going to vote for Senator Mahoney's now. All I am saying is that this is an underhanded, and undercover way in which he is an expert. In order to have his way and then not become responsible. If that is not irresponsible then I never knew anything that was.

PRESIDENT: Senator Richendifer.

SENATOR RICHENDIFER: Mr. President, members of the legislature this is one instance that I referred to a little while ago that there was nothing on the desk, there a...a...it is very hard to get a copy of the real simple corrective amendments that were put on yesterday and it had a vote of 32 to nothing, but how many people in this body actually saw the amendment? I support Senator Mahoney's motion.

PRESIDENT: Any further discussion of the motion? Senator Carpenter.

SENATOR CARPENTER: I resent a little bit the insinuation the Senator made. The amendment that he intends to get out was not in that position and I don't appreciate you saying what you said about the amendment that I offered. What others
